SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following items are applicable to this modification:

W912HN-04-R-0007, Physical Fitness Center, Hunter Army Airfield, Georgia. Receipt of revised proposals are due 20 September 2004, 11:00 AM local time.

CONTRACT CHANGES:

Section 00100 – Bidding Schedule/Instructions to Bidders – 52.23-4001, Cost Limitations is revised as follows:
52.232-4001 COST LIMITATION – JUNE 1999 - The contract award for design, construction, and 5 years of operations and maintenance shall not exceed \$15,100,000 for this project. Offerors are under no obligation to approach this amount.

Section 00700 – Contract Clauses – 52.236-22, Design within Funding Limitations is revised as follows:
52.236-22 DESIGN WITHIN FUNDING LIMITATIONS (APR 1984)

(a) The Contractor shall accomplish the design services required under this contract so as to permit the award of a contract, using standard Federal Acquisition Regulation procedures for the construction of the facilities designed at a price that does not exceed the estimated construction contract price as set forth in paragraph (c) below. When bids or proposals for the construction contract are received that exceed the estimated price, the contractor shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this contract. However, the Contractor shall not be required to perform such additional services at no cost to the Government if the unfavorable bids or proposals are the result of conditions beyond its reasonable control.

(b) The Contractor will promptly advise the Contracting Officer if it finds that the project being designed will exceed or is likely to exceed the funding limitations and it is unable to design a usable facility within these limitations. Upon receipt of such information, the Contracting Officer will review the Contractor's revised estimate of construction cost. The Government may, if it determines that the estimated construction contract price set forth in this contract is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (c) below, or the Government may adjust such estimated construction contract price. When bids or proposals are not solicited or are unreasonably delayed, the Government shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation.

(c) The estimated construction contract price for the project described in this contract is \$15,100,000.

TECHNICAL SPECIFICATION CHANGES: The revised sections listed below (Revised by Amendment No.0010) are hereby added to and made a part of the solicitation. Revised or added information is underlined and deleted information is struck out. Revisions can be located in the appropriate volume of specifications by searching for an asterisk and amendment number (i.e., *1).
